Yonkers On-Street Parking Meters Hours Effective 10AM-6PM Until May 15th

CITY OF YONKERS AMENDS STREET PARKING METER REGULATIONS

By CHRISTINA GILMARTIN

YONKERS, NY May 1, 2020
Yonkers Mayor Mike Spano today announced the City of Yonkers is amending its parking meter regulations through the duration of New York State's PAUSE.

Effective Saturday, May 2 through May 15, street parking meter hours will be from 10AM-6PM and alternate side of the street parking regulations will remain suspended.

"We continue to adjust to the effects of COVID-19, which includes addressing the possible hardships parking meters may impose," said Mayor Spano.

"Shortening the hours of the

street meters is a way to provide some relief to our residents without compromising local businesses. As always, I encourage residents who need to park for extended hours to please use the garages or lots."

The amended parking meter regulations pertain to all city on-street parking meters. On-street parking meter enforcement hours are typically from 9AM to 8PM unless otherwise noted on posted signs.
